PREFACE

Shortly after the Williams County Genealogical Society was created in May, 1981, the membership planned the long-range objective of publishing the tombstone inscriptions of the county's cemeteries. The plan began to take shape when Marshall Robinette's cemetery materials were donated to the Society. With this data, we began the long process of checking names, dates, and other records to the existing tombstones of the cemeteries located in St. Joseph Township.

The cemeteries were read by rows thereby keeping the family relationships through the position of burial plots to the surrounding stones. Once this was accomplished the work of key-boarding the data was performed and the every-name index was prepared and placed at the end of this volume for easy usage.

The following abbreviations were employed for greater efficiency when the data was compiled:

b.	born	h/o	husband of
d.	died	w/o	wife of
m.	married	m/o	mother of
ae	age	f/o	father of
y	year(s)	s/o	son of
m	month(s)	d/o	daughter of
d	day(s)	br/o	brother of
		sis/o	sister of

The W.C.G.S. hopes to publish future cemetery volumes, in order to preserve these basic genealogical materials. If the reader finds any material which is not correct, he/she is welcome to submit said correction(s) to W.C.G.S.

In conclusion, the reader must understand that the data included here was taken from the tombstones <u>exactly</u> as it appeared. If additional material was known it was placed in parentheses ( ) to augment the compilation. It is possible that a person might be buried in one of these cemeteries and not have a tombstone; therefore the cemetery data for this person would probably not be found in this volume.

In 1983, Kathy Day, a member of W.C.G.S., began to read and record the tombstones of St. Joseph Twp. The task was well started when Kathy relocated to another area. In 1993, the work of recording the inscriptions was completed and the records held by the Village Clerk were cross-checked to be as accurate as possible. Any additional information from the clerk's books are in parentheses. Data from Kathy Day is also in parentheses with the initials (- KD) following. The Edgerton Village Clerk's office is located at 103 S. Michigan Ave., Edgerton, OH 43517.

The smaller outlying cemeteries in St. Joseph Township have either no existing records, or records only for post W.W. II burials. Certainly there were many more burials than there are stones at this time. In the older cemeteries some stones are broken, pieces missing or buried under the sod. These were read to the best of our ability with the possibility of error.

CLARKSVILLE CEMETERY

1½ Miles S.W. Of Edgerton, Ohio

CLARKSVILLE CEMETERY

Location: Clarksville Cemetery is located in the South West fraction of the Southwest Quarter of Section 33, St. Joseph Township, Williams County, Ohio. It is on the Clarksville Road one and one-half miles southwest of Edgerton, just east of its intersection with Williams-Defiance County line Road A. The land was granted by the State of Ohio to Samuel Lewis on March 26, 1834, who was buried there in 1839. The plot was evidently used as a cemetery before the latter date, however, because several burial dates precede 1839. The cemetery is clean and well mowed, but has suffered from vandalism and age.

This cemetery copied by Gladys Donson and Alice Shaffer, 1991.

MAPLE GROVE CEMETERY

Location: South West corner of Edgerton, Sec. 28, St. Joseph Twp. South on Michigan Avenue in Edgerton to Sargent Street then go west on Sargent Street for two blocks. U.S. Patent to Richard Baker, E 1/2 SW 1/4 Sec. 28., 80 acres, March 15, 1837. Calvin Crane to Edgerton Cemetery Assoc. $150.00 for 3 acres.

The cemetery was established in 1858, the same year the town was platted. It is the joint property of the township and the town.

William Preston, whose grave is located in the middle of the north section, is believed to be the first person buried in Maple Grove.

According to Richard L. Cooley in "A History of Williams Co. Cemeteries", Maple Grove has received re-internments from the old Denmark Cemetery and the Clarksville Cemetery. Many of the the early tombstones have to be attributed to burials in other cemeteries.

Among the graves moved from the Denmark Cemetery was the prominent Judge Parker and his family. Though there are many union soldiers buried here there is also a confederate soldier, Andrew J. Moran, and a veteran of the War of 1812, Banister Pool, buried in this cemetery.

Both Maple Grove and St. Mary's Cemeteries with their tree-lined drives are exceptionally well-maintained with a diligent staff constantly at work to keep it so.

NOTE: The following excerpt appeared in the W.C.G.S. Newsletter, Nov. 1990, p. 32 as part of an article written by Cindy Heisler-Taylor.

The "J. R." marker in row 6 is believed to be the father of John Reichman who died in 1845.

"Born in Maryland in 1798, John Reichman came to Williams County, Ohio, with his parents in 1844. He homesteaded a 160 acre farm north-east of Edgerton in St. Joseph Township. One year later, in 1845, his father died and was the first person buried in the Thomas Cemetery about 1/2 mile from the family homestead. In 846 at the age of 47 John Reichman married a neighbor's daughter, Elizabeth Kline, who was just 16 years old. They had 9 children, four died in childhood from various diseases that swept through the area at that time. Four sons and one daughter lived to adulthood.

On March 5, 1896, John Reichman died at the age of 98 years. He died on his 50th wedding anniversary and his wife, Elizabeth Reichman, died just three years later at the age of 69. Both John and Elizabeth Reichman are buried in the Thomas Cemetery and their tombstones can be easily seen by anyone who passes by."
